★ **Championship Show 2** ★

Judging commences at 9.00am with dog classes.

Ms. Billie Kneale (USA)

★ **Open Show** ★

Judging commences at the completion of the Championship Show 2

Mrs Sherry Jewel (QLD)

Club Committee Message:

Firstly, we would like to welcome all exhibitors and spectators to our Annual Championship Show, we would also like to thank all those Club Members that put in so much of their valuable time and effort to make this show what it is today - it is truly appreciated.

I would like to thank our judges, Ms Betsy Dale, Ms Billie Neale and Mrs Sherry Jewel, for accepting their judging appointments, it is greatly appreciated by the ASTCQ. A thank you must also go to our stewards, writers and show manager, who keep our shows running smoothly.

I would like to thank our generous sponsors for their fantastic prizes and continued support of our Club. Be sure to show your support for the ASTCQ by buying a raffle ticket or two in our raffles that will be run during the shows.

For those of you who have made an interstate trip or ventured down from up north, on behalf of the ASTCQ we would like to wish you all a safe journey home and thank you for your ongoing support each year.

We wish everyone Good Luck at today's shows and hope that you have an enjoyable weekend!

Introducing our second championship show photographer.

Stephen Uebel

Stephen has been involved in the dog show and sporting world for many years and is highly regarded as one of the best photographers to capture your dog looking it's best.

Through his love of the hound group, Stephen has photographed many specialty and all breeds shows and lure coursing events.

Ring photographs and podium and placing shots will be available to purchase in high resolution format from the American Staffordshire Terrier Club of Qld for \$10 each or 5 for \$40.

All proceeds have been kindly donated to the club by Stephen Uebel

Championship Show

Ms Betsy Dale

United States of America

After 20 years breeding and showing Airedales, I started judging in 1984. I also have owned and shown Scotties and Welsh Terriers, and I am currently owned by 3 Brussels Griffons!

I am approved by the AKC to judge all Terriers, Toys, Non Sporting and Best In Show. Judging is a wonderful and challenging adventure leading to discovery of fabulous dogs in amazing places!

I have had the honour to judge many specialities, group shows and all breed shows in the USA, Canada, Mexico, Finland, Germany, Australia, Venezuela, South Africa, Taiwan and China and a very special assignment was at the Westminster Kennel Club show in 2004.

I am a life member and assistant show chair of Ann Arbor Kennel Club (Michigan), show chair and VP of the Terrier Club of Michigan as well as a member of the Santa Barbara (CA) Kennel Club.

I am looking forward to meeting you and seeing your dogs in Australia!

Delta Therapy Dogs Program

Are you looking for ways to volunteer in your local community?

Do you have a dog with a fantastic temperament that loves spending time with people?

Delta Therapy Dog teams bring joy to the lives of those who need it most.

About the Delta Society

The Delta Society is a national not-for-profit organisation with one core belief: that the human-animal bond remarkably improves our quality of life and leaves a lasting paw print on our hearts.

There is a special and indescribable kinship shared between dogs and people of all ages. Attention from a dog can brighten your day, make you feel loved and improve your overall health and wellbeing. A better relationship between people and dogs will lead to a more enriched and fulfilled life for humans and dogs alike. Delta's primary mission is to promote and facilitate positive interaction between people and companion animals, and help people through positive and supportive encounters with dogs.

For more information about the Delta Society's other programs, please visit www.deltasociety.com.au

About Delta Therapy Dogs

Our flagship Delta Therapy Dogs program is the largest of its kind in Australia. Every week, Delta's amazing and devoted Therapy Dog Teams bring joy to the lives of those who need it most: an estimated 20,000 Australians in hospitals and care facilities.

We currently support over 850 volunteers and their special pet dogs, who make regular visits to children's hospitals, adult hospitals, nursing homes and mental health facilities to offer the wonderful benefits of pet therapy, spend time with patients and offer a chat, a floppy ear to listen and a paw to shake.

Volunteering for Delta

Our volunteers and their amazing therapy dogs are our most valued resources, and we are always looking for new volunteer teams to join the Delta Therapy Dogs program.

- ☐ Do you have a dog with a good temperament?
- ☐ Do you have an hour or two to spare every week?
- ☐ Are you interested in giving your time to volunteer in your local community?
- ☐ Do you love talking with people about your dog?

If you answered yes to all these questions, then volunteering with Delta Therapy Dogs could be an incredibly rewarding experience for you.

Scientifically proven benefits of pet therapy

- **Physical** – interaction with a furry friend reduces blood pressure, provides tactile stimulation, motivation to move, walk and stimulates the senses
- **Social** – a visit with a dog provides a positive mutual topic for discussion and promotes focused interaction with others
- **Cognitive** – Canine companionship stimulates memory, problem solving and game playing
- **Emotional** – an adorable four-legged visitor improves self-esteem, acceptance from others, calming effect, lifts mood often provoking laughter
- **Environmental** – a dog in the facility decreases the feeling of a sterile environment and lifts the entire mood

What is required to become a Delta Therapy Team

The Delta Society has 14 branches nationwide, where branch coordinators manage their local volunteer teams and facilities – matching volunteers to facilities close to home, and offering all the support and guidance you need.

Your dog will be required to undergo temperament testing, and must pass the assessment in order to be accredited as a qualified Therapy Dog (see the "Is your dog suitable?" checklist on the back page). A full list of temperament testing procedures and a video example is also available at www.deltasociety.com.au. Retesting of qualified therapy dogs is required every two years.

Dogs must be at least 18 months old and under 10 years old with basic manners. They will be required to be fully vaccinated (C5), be on heartworm preventative medication and treated regularly for internal and external parasites.

Volunteers must complete a one-day training session and an orientation at their assigned facility before they can commence work.

Delta Therapy Dog Teams will need to make a commitment for at least one year and generally visit their assigned facility once a week, for up to 90 minutes each time. You will need your own transportation to travel to your facility each week.

All volunteers who join the program are police checked as part of our protocols. A police check will be completed once your dog has passed temperament testing.

Delta Society provides all training, assessment, uniforms and insurances.

Is your dog suitable?

Take this quick test!

- ☐ Is your dog at least 18 months old and under 10 years old, and fully vaccinated?
- ☐ Does your dog walk nicely beside you without pulling?
- ☐ Can your dog walk on a lead using a soft collar? (no head collars, anti-pull harnesses or flexi leads are allowed)
- ☐ When your dog is off-lead, does he/she come when called?
- ☐ Will your dog "sit" and "drop" when asked?
- ☐ Can your dog sit politely and accept a pat from a friendly stranger?
- ☐ Can your dog walk through a crowd with minimal reaction to distraction?
- ☐ Does your dog show little reaction to clumsy and heavy patting?
- ☐ Will your dog take food gently?
- ☐ Can your dog leave food when asked?
- ☐ Will your dog stay in a sit or drop position while you walk approximately 5 metres away?
- ☐ Can your dog walk past another dog and show no more than a passing interest?
- ☐ Can your dog be held by a stranger and come when called when it is released?
- ☐ Do you both work well as a team?

If you answered yes to all of these questions, then you and your dog are excellent candidates to become a volunteer Therapy Dog team! If you answered no to any of these questions, we recommend that you spend time working on these areas. This may be achieved by undertaking some training before committing to our program. If you would like information on Delta-accredited trainers in your area, visit www.deltasociety.com.au.

If you would like to express your interest in becoming a Delta Therapy Dog team, please visit www.deltasociety.com.au to complete the online form. You will be contacted by your local branch coordinator to arrange temperament testing of your dog on the next available assessment day.

Championship Show

Ms Billie Kneale

United States of America

Billie has raised and shown dogs since 1960, and is a second generation dog show exhibitor. Her initial breed was Scottish Terriers, and showed them for twenty years.

Her main breed is Kerry Blue Terriers, which she started to show in 1978. Along with her son, Scott, Camshron Kerry Blues have produced over 100 champions, including three national specialty winners, a #1 Kerry Blue bitch, numerous multiple group and specialty winners, #1 dog all-breed in Mexico, World Dog show winners, and the all-time top champion producing bitch in the breed. She also has seven champion Lakeland Terriers, a Rat Terrier, and a Bichon Frise. She has individuals of several different terrier breeds at one time or another, and has also raised and shown Smooth Collies and German Shepherds.

She also showed Quarter Horses for many years and bred three American Royal winners and had the #2 halter stallion in the country. She currently owns a Connemara Pony from Ireland.

She judges all terriers and poodles for AKC; she has been judging since the early 1980s, and has judged in almost every state in the USA. She has judged numerous terrier group shows and national/breed specialties. Internationally, she has judged in 15 different countries, including several national specialties.

In American Staffordshire Terriers, she has judged the national specialty in Finland, judged the day after the Spanish national, and judged numerous important terrier show weekends in the USA.

She is retired and has an art degree. Her other passions are quilting, roses/gardening, and horse racing

Staf Measurements

The picture herewith is that of Colby's Prima (Colby's Brandy-Colby's Mabel) whelped May 29, '14. He is

owned by none other than the famous oldtimer John P. Colby, Newburyport, Mass.

A well-known staf breeder sends us the picture and gives the measurements of Primo when about one year old. Here they are:

Height at shoulder 18 in.; skull 19 in.; neck 16 in.; chest 27 in.; back (from directly above front legs to base of tail) 18 in.; tail 9 in.; weight 45 pounds (at one year).

New Staf Club "Staf"

The Staffordshire Terrier Club of America elected the following officers: prez.—W. T. Brandon; sec.—J. M. Wheeler; vps.—C. A. Ormsby, W. R. Childs, Mrs. J. B. McCabe, R. N. Scott, E. H. Nobbs, C. K. Doyle.

All foregoing in addition to Rev. J. H. Schwacke as directors. The Editor is hon. vp. of this club.

● Dog World does not deal in dogs, dog supplies, remedies or foods in any way. It does not compete with its own advertisers.

times which lack the definitely untypical characteristics.

The "Waddy Standard," with reason, calls for a body "deep in chest and back also," "presenting a fullish side appearance." The reason is that the breed was developed to square in and out of small corners between mounds in search of prey. An exaggerated chest would definitely handicap dog presenting it. Air capacity in the good Waddy is obtained through depth, not width, of chest.

The second mistake is the preference a few judges show for a very wide stance in rear, with dogs which do not squabble like a cornerer's warhounds being punished with a vague reference to "weak rear."

The Standard is quite specific in this, calling for "backs bent and well set in under the body so as to be fairly close to each other when standing, walking or trotting."

BEST IN SHOW WINNER

DETROIT, MICH. C.N. Editorial Station, BATTLE GREEN, MICH. C.N. Station, WEST FARM BEACH, FLA. C.N. Station.

(See Waddy Winners on page 107)

Staffordshire Size

By CLIFFORD A. ORMSBY

I submit this article in the hope that it will wipe up some misapprehensions in the staff breeders. My experience with the breed dates back to 1910 and I am one of the two charter members in the Staffordshire Terrier Club of America.

Old-timers of the Million Dollar Breed have often said, "It is easy to get good large Staffordshire Terriers." As a result one of our most important positions today is 1 or 2 in a line. Some put it off by saying that other breeds too, have the same position, "but the judge puts up the large ones." Besides is the one big arm in breeding good dogs.

The old school even suggests that some large Stafs are not purebred. We don't want to suggest—we don't want the variations in type and temperament our breed was known for years ago, however we will never be satisfied with the standard staff with the underbred pet, broad legs and poor feet.

The correct—right size—Staffordshire, according to the Standard of the Staffordshire Terrier Club of America, is enough dog for anybody. That is the size which is correct and desirable. The mistake that cannot come with the great and agile as necessary in the staff-terrier today. If the breed is to keep ahead, let us conform to the breed Standard and breed dogs which can take top honors at the show. The breed has obtained this honor recently so with persistent work on the part of exhibitors we can gain some laurels for the breed and put the staff at the top where it rightly belongs.

NEW BORDER CHAMPION

DOG WORLD—MAY 1961—PAGE 10

STAF SHORTS

A plea for a CHANGE IN NAME of the breed will appear in Aug. DW. More stafs wanted ON THE BENCHES—show 'em and let the public—and other dog exhibitors—see the breed... Be sure to give an AKC REGISTRATION application properly prepared, to every purchaser of your stafs—more registrations are in order to bring the breed to the top... And let's breed a GOOD LOOKING ANIMAL—we'll do it if we breed only parents that approach near to the perfection set forth by the standard.—W.J.

(Please continue on page —)

Bismarck, North Dakota.

★ Dentistry ~ Cosmetic

General Dental Prevention

Care and Maintenance.

★ Baer Hearing Testing conducted by Specialist Dr. Sue Sommerlad BVSc, MANZCVS, PhD

★ In House Pathology ~ Haematology Biochemistry Parameters.

★ Routine Health Checks and Vaccinations.

Opening Hours

**Monday to Friday
8.00am to 5.00pm**

**24hr, 7 days
Reproductive Clientele**

Our Staff have a passion for canine reproduction and a combined knowledge base of over 40 years experience. We were established in early 2009, by breeders for breeders, as an inexpensive option for our many dedicated clientele. We have since gone from strength to strength, incorporating cutting edge techniques and state of the art equipment to our rapidly growing clinic, enabling us to stay at the forefront of the veterinary industry.

*HEALTH TESTING COMPULSORY FOR ALL STUD DOGS

The American Staffordshire Terrier Club of Qld Inc, cannot accept any responsibility of liability, whether direct or indirect, for any loss, damage, cost or expenses that may be incurred as a result of purchase from any advertised litter, use of a stud dog or purchase from a breeder. The ASTCQ Inc, does not promote or endorse any individual kennel or breeding, the above listings are from Breeders/ Kennels that have paid for their advertisement on our website. The ASTCQ Inc, recommends you research the kennel/ breeder you are going to purchase from and view all health certificates for the dogs/ parents of a litter that you are interested in.

BREED STANDARD

American Kennel Club dated June 1987
Country of Origin ~ United States of America.

F.C.I. Std. No 286
Amended 05/03

General Appearance: The American Staffordshire Terrier should give the impression of great strength for his size, a well put-together dog, muscular, but agile and graceful. He should be stocky, not long-legged or racy in outline.

Characteristics: (Not specified.)

Temperament: Keenly alive to his surroundings. His courage is proverbial.

Head And Skull: Head medium length, deep through, broad skull, very pronounced cheek muscles, distinct stop. Muzzle medium length, rounded on upper side to fall away abruptly below eyes. Jaws well defined. Underjaw to be strong and have biting power. Lips close and even, no looseness. Nose definitely black, Dudley nose undesirable.

Eyes: Dark and round, low down in skull and set far apart. Light or pink eyes undesirable. No pink eyelids.

Ears: Set high. Ears should be short and held rose or half pricked. Full drop to be penalised.

Mouth: Upper teeth to meet tightly outside lower teeth in front. Undershot or overshot mouths undesirable.

Neck: Heavy, slightly arched, tapering from shoulders to back of skull. No looseness of skin. Medium length.

Forequarters: Shoulders strong and muscular with blades wide and sloping. The front legs should be straight, large or round bones, pasterns upright. No resemblance of bend in front. Forelegs set rather wide apart to permit chest development.

Body: Back fairly short. Slightly sloping from withers to rump with gentle short slope at rump to base of tail. Well sprung ribs, deep in rear. All ribs close together. Chest deep and broad. Loins slightly tucked.

Hindquarters: Well muscled, let down at hocks, turning neither in nor out.

Feet: Of moderate size, well-arched and compact.

Tail: Short in comparison to size, low set, tapering to a fine point; not curled or held over back. Not docked. Tail too long or badly carried undesirable.

Gait/Movement: Must be springy but without roll or pace.

Coat: Short, close, stiff to the touch, and glossy.

Colour: Any colour, solid, parti, or patched is permissible, but all white, more than 80% white, black and tan, and liver not to be encouraged.

Sizes: Height and weight should be in proportion.

Height: Dogs approx 46-48 cms (18-19 ins) at shoulders, Bitches approx 43-46 cms (17-18 ins) at shoulders is considered preferable.

Faults: Any departure from the foregoing points should be considered a fault and the seriousness with which the fault should be regarded should be in exact proportion to its degree and its effect upon the health and welfare of the dog.

Notes: Male animals should have two apparently normal testicles fully descended into the scrotum.
